Evolving to be the Future of Nation

Director's Message

Dear Students,

At Evolve, we believe in empowering the dreams of students. We firmly believe that education is the soul of a society which passes from one generation to another and so we continuously strive to extend the reach of education beyond the barriers of culture and location.

Our highly dedicated and committed faculty members strive hard to achieve excellence in the field of competitive exam preparation. We as a team have

taken up the responsibility of nurturing innovation, creativity and excellence in our students. With its single vision of academic excellence "EVOLVE" is committed with a deep sense of service to deliver the curriculum in the most effective manner to create a synergetic impact on the students.

We have restructured our subject courses to incorporate the preparation of board exams along with the preparation of advance subject test. We believe that this approach will cut down duplicacy of effort of students and will maximize their efficiency. Our study material incorporate exercise based on board exams type question along with the advance subject questions of various level. Periodic tests are held based on board exams pattern along with the regular JEE(Main & Advanced) and Medical (NEET and AIIMS) style test.

Who we are

We are a team of professionals who know the content, the process of engineering and medical entrance exams inside out. We are hard working, dedicated team committed for your success.

about INSTITUTE

EVOLVE Educational Institute was founded in 2017 with a concept to provide objective-centric coaching education in a different, innovative and unique affordable learning environment in the field of competitive exams like JEE (Mains/Advanced)/ WBJEE/ AIIMS/ NEET etc. EVOLVE strives to provide educational excellence with a difference. We provide you with competitive advantage in searching for and achieving the elusive goal of excellence. It is our main aim to make an excellent contribution in achieving career success. We continually strive to achieve high level of quality and professionalism in our academic courses. We believe in doing the best and being the best. EVOLVE Institute has a team of experienced & specialized faculties

from IIT's, whose committed guidance and counselling sessions not only help the students to get higher percentage in the examination but also boost up the morale of the students. Faculties of the institutions put a lot of efforts to provide individual attention and doubt-clearing sessions. Faculty members conduct counseling sessions for the students time to time.

EVOLVE firmly believes that the theory provides only a conceptual framework for understanding and that true learning happens only by application of theoretical concepts.

At EVOLVE the dry approach to learning is replaced by a teaching environment that allots specific tasks to students so that they form and use concepts in their respective domain of subject.

Our Mission

“ We believe in providing all deserving students with the best curriculum along with the highest quality education in coaching and to create an environment in the society where the dream of such students can be turned into reality who due to financial or location-constraint are unable to achieve success in prestigious competitive exams like JEE (Mains/Adv.), WBJEE, NEET, AIIMS. ”

Vision

To be the pre-eminent educational group that works towards the advancement of the society by enabling the young & bright minds to make their dreams come true through high quality teaching and commitment.

How are we different

➤ The faculty members associated with EVOLVE are a strong and dedicated team of experts, who are from IIT'S and possess experience to incubate students at very basic level and simultaneously make them adaptable to face the tough competitive examinations like JEE(Mains/Adv.) /WBJEE /NEET /AIIMS and various other pre engg. exams successfully . The Faculties are more like companions who inspire the students to master the concepts from beginners to advanced level

Dedicated team of Faculty members

With the rampant and exponential growth in expenditures in urban areas , it is very difficult for the students to go and join some coaching classes away from their home. With the motive of helping the students and sharing our experience for their vision to study in prestigious institutes of INDIA , we bring focussed and competitive environment right into people's home ,where student community can have the enormous emotional support from their parents,while being focused and groomed for their career

Focused and competitive environment

➤ At EVOLVE we don't just teach our students with the classroom model but we also focus upon the mobile APP based learning methodology. Assignments are sent to students on a regular basis and are evaluated to measure their performance right by simple click on their mobile phones

Technology based learning

Unlike other coaching classes , who focus solely upon the rank breed, EVOLVE is committed for individual attention to each and every student irrespective of one's standing in merit. This personal and individual attention not only enthuse the individual to excel but also gives them the moral support which is of utmost required during preparation
